

Book Your Fall Parties NOW!

The school year is coming to an end.... This is the best time to think next school year.... AND PLAN EVENTS FOR 2008-2009

United Skates of America is the #1 place to hold your next event. This event can be used to raise money for your school or just a fun time for all the children and parents to get together. What ever your reason may be, United Skates of America will help you make it a successful one. Is there a lot of work involved? No, Not at all....

United Skates of America will help you set up the date that is best for your school. We will also print and bundle for each class all the promotional flyers to help make your party a success. Large posters will be placed in high traffic areas of your school.

Not a lot of people want to help with the event? No problem. Only one or two people are needed to make this event a success, along with the backing of the school and being sure announcements are made.

The night of the skating party United Skates of America will have drawings to give away prizes. Prizes may include: A birthday party for 10 children, First 50 children receive a Glow in the dark product, game tickets that can be cashed in at our stuff shop, and the list goes on. The prizes will help raise awareness for your event.

Ok, the only thing you need to do to make this party a success is....

- Make sure to make announcements about the event.
- Hand out the flyers that are pre-sorted for the classrooms.
- Book the date... (Booking it before the next school year will insure you of the date you want.)

Our event coordinator has many different programs to fit your needs.

- 50/50 rebate party - United skates will split the admission into the building with you.
- Fun party - Party is set at a discounted price to get in. No money is earned, but the party is private for your school.

Book two parties during the school year and the third party your school will receive 100% of the paid admission price if you book the rebate program.

Curious about our facility? We would be happy to take you on a tour or you can visit us on our website at www.unitedskates.com
